Mmm?
Haruko?

Huh!?
Some-thing
I bought some-thing nice for you.
See?
It's a pe-dome-ter.
How rude.
I really did get you some-thing nice.
Be-cause ...
Why did your face turn sour all of a sudden?
Pe-
Pe-dome-ter ...
Your nice things
haven't actually been nice even once.

Ten thou-sand!?
Isn't that fine? You've got plenty of free time anyway.
Let's try our best and aim at having you do 10,000 steps a day, alright?
It'll keep you in shape and get you going outside. We kill two birds with one stone!
Would it be worse than letting an entire day go by just playing games?
That's gonna be the whole day gone...
But if I walk 10,000 steps

Why would she get me some-thing like this...

I really walked, you know!
5,000 whole steps.
You didn't cheat, did you?
I did not!
You can have some pudding as your reward.
Thank you.
Carrot and stick...
Pudding is so tasty after a walk!
That pudding has around 200 kilocalories if I'm not mistaken.
Huh?
So you used up 168 kilo-calories ...
Am-
Am I going to have to make up for those...?
sfx: sigh
That much is fine.
Just that much.
